ROAD RACE (MB) / COURSE SUR ROUTE (TANDEM MASCULIN)

. FINISH / ARRIVEE DE LA COURSE

Unfortunately at the end of the MB race with an ambulance getting close to the riders and delaying their sprint, after review, the decision is from the Commissaires panel that the result crossing the finish line stands.

As you are aware, safety of the riders is our utmost concern.

We had an ambulance that was attending injured riders that was close to the sprint of the MB race and the safest solution for all was to move the ambulance forward with sirens.

Thank you for your understanding.
