## Numbers & Transponders

- Transponders, fitted to the bikes, are mandatory for all events
- Please ensure the riders' numbers corresponds with the transponder's numbers
- Please check your envelope before leaving the room to ensure you have the correct numbers and transponders
- Safety pins and spare numbers available at the timing platform
- Please return transponders to the communiqués area once the rider has completed all their events
- Do not leave your transponders on the table – please give them to the volunteers who will check them off the list **Transponder missing = invoice to the team**
- No LED device for the Elimination race.

# COMMISSAIRE UPDATE

## Bike/Equipment Check

- Bike checked minimum 15 minutes before start
- Riders for timed events must come to waiting area without helmet on – officials will check inside helmets before helmet can be put on. Schedule for punctuality – the programme is very heavy – ensure riders are ready for starts and awards ceremony.

Coaches – only 1 coach trackside for pursuit events – only on safety nothing on blue

Keep walkways and ramps clear during competition at all times

Scratch and Elimination – all riders can have a coach holding at the start - if holding at fence – coaches must stand on outside against perimeter fence – not moving until all riders pass!!

Results of Qualification heats will dictate final sta

# COMMISSAIRE UPDATE

## Tandem Sprint

- Qualifying over 4.5 laps from the back straight
- Matched sprints will be over 3 laps from the pursuit line

## Team Sprint & Tandem Team Sprint

- Team staff are allowed to hold their riders at the start, with hands at the only contact point. Any additional contact or any act of pushing is prohibited. Teams infringing this rule will be disqualified.

## Time trials qualification (Kilo)

- 2 up for qualification, top 6 for final and start in reverse order
- Riders are allowed only two starts. A restart is only allowed for a false start (jumping out of block) or a recognized mishap. A pulled foot is not a mishap.

# COMMISSAIRE UPDATE

## Elimination Race

- The race start will be given when all riders are considered to be riding in a compact bunch
- Any riders about to be lapped before a sprint will be eliminated as though they were the last over the line that time and ranked at that point
- Gaining a lap does not count i.e. the rider is not a lap up
- Neutralization due to fall, puncture, etc..., is up to 5 laps as per regulation 16.8.039 and 3.2.020 bis.
- Yellow flag out for neutralisation – race will be restarted with the Gun – then bell – then rider eliminated

# COMMISSAIRE UPDATE

## Warnings & disqualifications

- Warnings and relegations follow the rider from one event to another
- A rider receiving 2 warnings within the same event: disqualified from the event and for the rest of the competition
- A rider receiving 3 warnings or 3 relegations in the competition: disqualified of the event and for the rest of the competition
- A rider disqualified for unsporting behaviour is effectively disqualified for the rest of the competition

# ADAPTATIONS

## EQUIPMENT

In case bicycle or adapted equipment requires an adaptation approval, the Classifiers or Technical Commissaire must review it on site will notify the athlete should they need an adaptation sticker.

If you already know an adaptation approval is required, please email [classification@uci.ch](mailto:classification@uci.ch) and ensure all relevant documentation is uploaded to the athlete's PCSAS profile.

# COMMERCIAL AVAILABILITY – ART. 1.3.006

## EQUIPMENT

The use of any equipment that is not commercially available, including equipment that has been issued a valid prototype authorisation, is **strictly prohibited in track events**, regardless of its stage of development or any specific authorisation that may apply in other disciplines.

All equipment used in this event must be of a type that is **sold for use by anyone practicing cycling as a sport** and must be fully commercially available at the time of the competition.

Teams and riders are reminded that **NO PROTOTYPE AUTHORISATION IS VALID FOR TRACK COMPETITIONS**. Any non-compliant equipment shall be refused during equipment checks and must not be used in competition

# HELMET USE – ART. 1.3.031

## EQUIPMENT

*"Each rider shall be responsible for wearing the helmet in accordance with the security regulations in order to ensure full protection, including but not limited to a correct adjustment on the head"*

- The helmet must be worn at all times as per the safety regulations and the manufacturer's specifications
- Correct position on the head, chin strap adjusted, **full forehead protection**
- **NO MODIFICATION**

*"correct adjustment on the head"*

STEP 1: POSITION THE HELMET

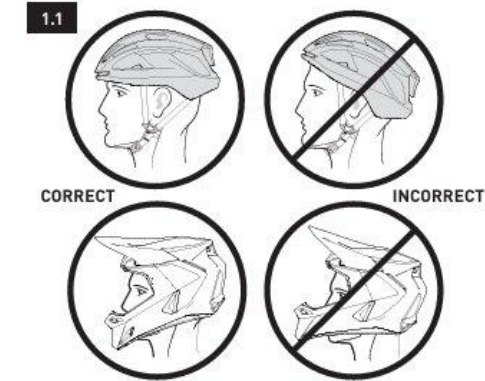

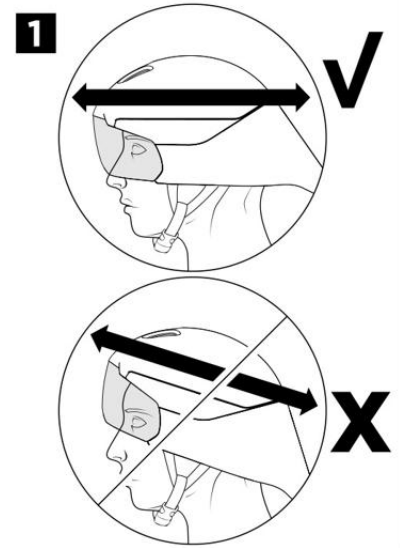

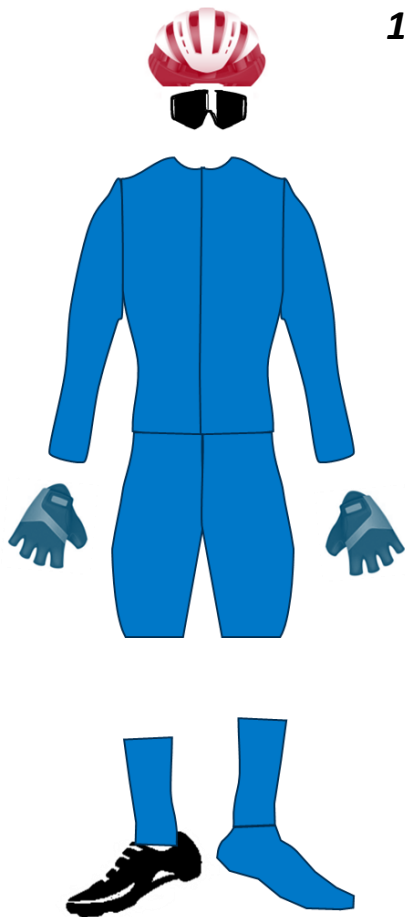

FIG. 1.1

A helmet should fit snugly without being uncomfortably tight. Position the helmet on your head as shown in Fig. 1.1 (CORRECT) so it sits low on your forehead, but not too low so that it obstructs your field of vision. Fig. 1.1 (INCORRECT) shows a helmet rotated too far back exposing the rider's forehead. Always wear your helmet low in the front and in a level position to protect the forehead as this area is most likely to be impacted in a crash.

# MODIFICATION OF MORPHOLOGY – ART. 1.3.032

## EQUIPMENT

**1.3.032** *Clothing and other items or accessories worn by a rider (including but not limited to helmets, glasses, shoes or in-race communication devices) may **not modify the morphology of the rider.***

# TABLE OF SANCTIONS – ART.3.10.008
